Permit No. _____

This permit is for the installation of a special water meter and remote reader that will enable applicant to use water without paying sewer rental on said usage. Permit holder hereby agrees to the terms listed below, following the piping arrangement shown for installation of the outside water meter:

Piping Arrangement

- = Water Meter
- ⊕ = Back-flow Prevention Device
- ⋈ = Valve

Terms:

- Back-flow Prevention Devices must meet or exceed AWWA (American Water Works Assn) Standards for Back-Flow Prevention Devices. **Prior to installation of the back-flow valve, the Water Department must be provided with a copy of the information that comes with the valve. Do not install until approved.**
- It is understood that any water meter that was installed pursuant to Ordinance No. 393 cannot be used to supply water to the interior of the house or put in a position that it will drain to the sanitary sewer. In addition, this system is to be used only in a **low degree of hazard application**. If the conditions of this permit are violated, this permit will be declared void, and the undersigned applicant will assume all liability associated with or arising from the violation.
- Any resident of the City making use of an outside water meter will be charged the minimum charge or the actual usage, whichever is greater. Water rates are subject to change by resolution of the City Council.
- Approval of said installation shall be made by the Water/Wastewater Superintendent. This shall include, but not be limited to, materials and piping arrangements.
- The property owner is responsible for all maintenance associated with installation.
- **Permit fee of \$25 must accompany Permit Application.**

I certify that all information stated in this permit application is true and accurate and that the construction and use will comply with the Forest City Municipal Code and Ordinances in all respects.
