A. That the need for housing accommodations has been or will be increased as a result of the clearance of slums in other areas, including other portions of the urban renewal area.

B. That conditions of blight in the municipality and the shortage of decent, safe and sanitary housing cause or contribute to an increase in and spread of disease and crime, so as to constitute a menace to the public health, safety, morals, or welfare.

D. The acquisition of the area is necessary to provide for the construction of housing for low and moderate income families.

ii. With reference to those portions thereof which are to be developed for non-residential uses, such non-residential uses are necessary

WHEREAS, pursuant to such notice, the consultation was duly held as ordered by the City Council and all required responses to the recommendations made by the affected taxing entities, if any, have been timely made as set forth in the report of the designated representative of the City filed herewith and incorporated herein by this reference, which report is in all respects approved; and

WHEREAS, by said resolution this council also set a public hearing on the adoption of the proposed Woodland Knoll Urban Renewal Plan for this meeting of the Council, and due and proper notice of said public hearing was given, as provided by law, by timely publication in the "The Forest City Summit", which notice set forth the time and place for this hearing and the nature and purpose thereof; and

WHEREAS, in accordance with said notice, all persons or organizations desiring to be heard on said proposed Plan, both for and against, have been given an opportunity to be heard with respect thereto and due consideration has been given to all comments and views expressed to this Council in connection therewith and said public hearing has been closed.

NOW, THEREFORE, BE IT RESOLVED, BY THE CITY COUNCIL OF THE CITY OF FOREST CITY, IOWA:

Section 1. That the findings and conclusions set forth or contained in the proposed "Woodland Knoll Urban Renewal Plan" for the area of the City of Forest City, Iowa legally described and depicted in the Plan and incorporated herein by reference (which area shall hereinafter be known as the "Woodland Knoll Urban Renewal Project Area"), be and same are hereby adopted and approved as the findings of this Council for this area.

Section 2. This Council further finds:

a. A feasible method exists for the location of families who will be displaced from the Woodland Knoll Urban Renewal Project Area into decent, safe and sanitary dwelling accommodations within their means and without undue hardship to such families;

b. The Woodland Knoll Urban Renewal Project Area conforms to the general plan for the development of the City as a whole; and

c. As to those areas of open land to be acquired by the City included within the Woodland Knoll Urban Renewal Project Area:

i. With reference to those portions thereof which are to be developed for residential uses, this City Council hereby determines that a shortage of housing of sound standards and design with decency, safety and sanitation exists within the City; that the acquisition of the area for residential uses is an integral part of and essential to the program of the municipality; and that one or more of the following conditions exist:

A. That the need for housing accommodations has been or will be increased as a result of the clearance of slums in other areas, including other portions of the urban renewal area.
B. That conditions of blight in the municipality and the shortage of decent, safe and sanitary housing cause or contribute to an increase in and spread of disease and crime, so as to constitute a menace to the public health, safety, morals, or welfare.
C. That the provision of public improvements related to housing and residential development will encourage housing and residential development which is necessary to encourage the retention or relocation of industrial and commercial enterprises in this state and its municipalities.
D. The acquisition of the area is necessary to provide for the construction of housing for low and moderate income families.

ii. With reference to those portions thereof which are to be developed for non-residential uses, such non-residential uses are necessary and appropriate to facilitate the proper growth and development of the City in accordance with sound planning standards and local community objectives.

Section. 3. That the Woodland Knoll Urban Renewal Project Area is an economic development area within the meaning of Iowa Code Chapter 403; that such area is eligible for designation as an urban renewal area and otherwise meets all requisites under the provisions of Chapter 403 of the Code of Iowa; and that the rehabilitation, conservation, redevelopment, or a combination thereof, of such area is necessary in the interest of the public health, safety or welfare of the residents of this City.

Section 4. That the Woodland Knoll Urban Renewal Project Area, attached hereto as Exhibit A and incorporated herein by reference, be and the same is hereby approved and adopted as the "Woodland Knoll Urban Renewal Plan for the Woodland Knoll Urban Renewal Project Area"; the Woodland Knoll Urban Renewal Plan for such area is hereby in all respects approved; and the City Clerk is hereby directed to file a certified copy of said Woodland Knoll Urban Renewal Plan with the proceedings of this meeting.

Section 5. That the Woodland Knoll Urban Renewal Plan for the Woodland Knoll Urban Renewal Project Area shall be in full force and effect from the date of this resolution until the later of the date of termination set forth in the Woodland Knoll Urban Renewal Plan or the date at which payment of all obligations issued or advances made to carry out the purposes thereof shall be fully provided for. Said Woodland Knoll Urban Renewal Plan shall be forthwith certified by the City Clerk, along with a copy of the Resolution, to the Recorder for Winnebago County, Iowa, to be filed and recorded in the manner provided by law.
